Dear Kevin:

Thank you for the wonderful Parent Survey you helped develop as a communication tool for Porter-Gaud School. The survey was outstanding, and the 65% response rate was helpful in giving us feedback about things we were doing well and identifying means for school improvement.

Our parents were most appreciative of the fact that we asked for their opinions. Our communication of the findings to them resulted in kudos to the school for getting feedback from its consumers – the parents.

Again, Kevin, thank you for your help. We look forward to working with you in the future.

Sincerely,

Stephen R. Blanchard
