Dear Kevin,

Thank you for the opportunity to work with your team. Your recent visit to our campus was beneficial in many regards, I appreciate the time, and effort that you put into the work to ensure our school was and is a priority. Your ability to analyze the results and present to a broad base of constituents is a real gift. I appreciate your candor, sensitivity and professionalism. I also appreciate your focus on the positive.

Strathcona-Tweedsmuir School looks forward to engaging in a strategic planning process confident that we focused in the right direction. The ability to engage our community in the process will ensure a high level of engagement and that should yield success in our efforts to improve. You have assisted in revealing gaps in our work and some blind spots that need attending. The results also provide affirmation for the important work we do each day.

I look forward to working with you in the future as we dwell in possibility. STS is committed to continuous improvement in all areas of operations, academics, governance and student well-being. Using these surveys, we will make informed decisions based on best practices. You and your team have played a vital role in making this possible. Thank you.

Respectfully yours,

Carol Grant-Watt, B.Ed., M.A.
