Dear Kevin,

I have been fortunate to know you and work with you in some capacity for the past ten years. Each opportunity has increased both my understanding and great appreciation for the work that you do in support of independent schools and more importantly for today's youth.

The work that has come out of our comprehensive surveys at Woodlynde this year, inclusive of your incredible analysis, is instrumental to our continued expectation of ourselves and promise to our community of responsive and committed partnership to our students, families, and colleagues. Your in-depth reports and expertise have allowed us to be more transparent in the work we have to do to be a stronger and better community to all and to set clear and impactful goals aligned around our strategic plan.

We look forward to continued work with you every three years at Woodlynde and the opportunity to see the impact over time of the changes we are making in response to the data. I cannot imagine a better investment in knowing where we have room to grow as well as understanding and celebrating our strengths as a community. Your partnership has been invaluable to this process, and I am grateful on every level for your support.

All my best,

Amy Clemons
Head of School
